Studio Overview

TRAZO IMPACTO, S.L. is a Spain-based creative visual studio focused on building premium visual systems across digital, print and physical environments. The studio connects logo, typography, colour, motion, social content, web visuals, packaging, signage and interior graphics into one coherent direction.

Brand Identity	Logo systems, colour palettes, typography, art direction and visual rules.
Graphic Design	Editorial layouts, campaign visuals, presentations, advertising graphics and digital assets.
Interior Graphics	Moodboards, spatial identity, wall graphics, signage, material direction and environmental branding.
Motion & Web	Animated brand assets, web visual design, hero sections and premium digital visual systems.

Process & Packages

The studio process is built around discovery, visual strategy, design system creation, launch assets and refinement. Each project is scoped according to deliverables, usage, timeline and required level of creative direction.
